(All non-US orders must be paid with credit card. Sorry, no wire transfers.)

A word about faxing your payment information: While e-mailing credit card numbers is NOT safe, on the other hand, a sent Fax is quite secure.

1. It is a private phone call.
2. You are only sending a picture of the data, not the account number itself, as digits.
3. Our receiving fax machine is in a secure area, not in view of unauthorized persons.

You can rest assured that your payment information is held by us in utmost confidence.
